RE: E275 Enviro Tech Chemical Services, Inc.
Modesto, California 95358 USA
08/11/03 v1 Perasan® "B"

This will acknowledge your letter dated 07/11/15, concerning the aforementioned non-food chemical product for which you have requested acceptance for use in food processing facilities.

Nous accusons réception de votre lettre datée du 07/11/15, concernant le produit cité en rubrique pour lequel vous demandez une acceptation pour utilisation dans les établissements de transformation alimentaire.

The final printed label has been reviewed and the contents of the label appear satisfactory for use in food facilities.

L'étiquette finale a été revue et son contenu nous apparaît acceptable pour utilisation dans les établissements alimentaires.

Therefore, no objection will be taken to the use of the above non-food chemical product in food facilities, provided that it is used in keeping with the instructions outlined on the label.

Ainsi, nous ne nous opposerons pas à ce que les établissements alimentaires utilisent le produit chimique non alimentaire ci-haut mentionné, à condition qu'il soit utilisé conformément au mode d'emploi indiqué sur l'étiquette.

This acceptance of this non-food chemical will depend upon its continued acceptability to all concerned.

L'acceptabilité du produit chimique non alimentaire sera conditionnelle à la satisfaction de toutes les parties intéressées.

Canada

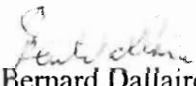

Should any changes occur in the chemical formulation, or in the labelling format, of the aforementioned non-food chemical, then this acceptance will be considered **NULL and VOID**.

Cette acceptation sera considérée comme **NULLE et SANS EFFET** si l'on procède à une modification quelconque dans la formulation chimique, ou sur l'étiquette du produit chimique non alimentaire ci-haut mentionné.

Yours truly.

Je vous prie d'agréer l'expression de nos sentiments les meilleurs.

PERASAN® 'B'

PERASAN® 'B' is a peroxyacetic acid-based sanitizer developed for the following uses:
Institutional/Industrial Sanitizer for Previously Cleaned Hard, Non-Porous Food Contact Surfaces in: Dairies, Wineries, Breweries, Food and Beverage Plants, Poultry, Egg Facilities, and Animal Housing.

ACTIVE INGREDIENT:

Peroxyacetic Acid	5.6%
Hydrogen Peroxide	26.5%
	<u>67.9%</u>

TOTAL 100.0%

Before Using This Product, Please Read This Entire Label Carefully.

KEEP OUT OF REACH OF CHILDREN
DANGER

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CORROSIVE TO EYES AND SKIN

WARNING SKIN IRRITANT

DANGER CORROSIVE:

Do not enter an enclosed area without proper respiratory protection. Causes irreversible eye damage and skin burns. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. Do not breathe vapors or spray mist. Do not get in eyes, on skin, or on clothing. Wear goggles and face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

Physical or Chemical Hazards

Strong oxidizing agent, Corrosive. Mix only with potable water at 60-90° F. Product must be diluted in accordance with label directions prior to use. PERASAN® 'B' is not combustible, however, at temperatures exceeding 156°F, decomposition occurs releasing oxygen. The oxygen released could initiate combustion.

Environmental Hazards

This pesticide is toxic to birds, fish and aquatic invertebrates. Caution should be used when applying indoors because pets may be at risk. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage plant authority.

Storage and Disposal

Storage: Never return to the original container after it has been removed. Avoid all contaminants, especially dirt, caustic, reducing agents, and metals. Contamination and impurities will reduce shelf life and can induce decomposition. In case of decomposition, isolate container, douse container with cool water and dilute PERASAN® 'B' with large volumes of water. Avoid damage to containers. Keep container closed at all times when not in use. Keep container out of direct sunlight. To maintain product quality, store at temperatures below 86°F. Do not store on wooden pallets.

Procedure for Leak or Spill: Stop leak if this can be done without risk. Shut off ignition sources: no flames, smoking, flames or spark producing tools. Keep combustible and organic materials away. Flush spilled material with large quantities of water. Undiluted material should not enter confined spaces.

Disposal

Do not reuse this container for any purpose. This is a recyclable container and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and/or clean up of spills.

Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Sanitization

PERASAN® 'B' peroxyacetic acid sanitizer is recommended for use on pre-cleaned surfaces such as equipment, pipelines, tanks, vats, filters, evaporators, pasteurizers, and aseptic equipment in dairies, breweries, wineries, beverage and food processing/packing plants, egg processing/packing equipment surfaces, and eating establishments. This product is effective as a sanitizer when solution is prepared in water of up to 400 ppm hardness as CaCO₃. This product has demonstrated greater than 99.999% reduction of organisms after 60 seconds exposure period in the AOAC Germicidal and Detergent Sanitizing Action of Disinfectants study.

NOTE: For Mechanical Operations prepared use solution may not be reused for sanitizing but may be reused for other purposes such as cleaning. For Manual Operations fresh sanitizing solutions should be prepared daily or more often if the solution becomes diluted or soiled.

Sanitizing Food Contact Surfaces: This product can be used in Federally Inspected Meat and Poultry facilities as a sanitizer. Prior to sanitizing, remove gross, food particles, then wash with a detergent solution, followed by a potable water rinse. Sanitize with a concentration of 15-30-mL PERASAN® 'B' dissolved in 10 liters of water (0.16-0.32% v/v concentration, or 98-196 ppm active peroxyacetic acid). At this dilution, PERASAN® 'B' is effective against *Staphylococcus aureus*, *Escherichia coli*, *Salmonella choleraesuis*, and *Listeria monocytogenes*. Use immersion, coarse spray or circulation techniques as appropriate to the equipment. All surfaces should be exposed to sanitizing solution for a period of at least 60 seconds or more if specified by a governing code. Drain any excess solution. **Do not rinse.**

Sanitization of Conveyors and Equipment for Meat, Poultry, Seafood, Fruit, Nuts and Vegetables: PERASAN® 'B' is effective against the gram

negative and gram positive organisms *Staphylococcus aureus*, *Salmonella choleraesuis*, *Escherichia coli* and *Listeria monocytogenes*. For use in the static or continuous sanitizing, washing or rinsing of conveyors, slicers, saws, and equipment, apply a solution of this product using 15-23-mL per 10 liters of water (98 ppm to 147 ppm active peroxyacetic acid). Apply sanitizer solution to the return portion of the conveyor or equipment using coarse spray or similar means of wetting surfaces, so as to affect draining and prevent puddling. Allow sanitizer to thoroughly wet surface for a minimum 60 seconds contact time. **No rinse is needed.**
