This pesticide is toxic to birds, fish and aquatic invertebrates. Caution must be used when applying indoors because pets may ingest the product. See the Directions for Use to ensure that pets are not exposed to the product. Keep the product out of the reach of pets. In case of exposure, thoroughly wash exposed areas with soap and water. If you or anyone else is exposed, seek medical attention immediately. Wash clothing before reuse.

WARNING: This product contains Peroxyacetic Acid (PAA). Do not use this product in the presence of combustible or flammable materials or vapors.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

This product is corrosive to eyes and skin. Long-term exposure to high levels may cause injury to the respiratory tract or kidneys. This product may cause skin, eye, and respiratory tract irritation. Prolonged exposure may cause burns. Keep out of reach of children. Refer to the UN Hazard Statement for more information.

**HAZARDS TO OTHER SPECIES (Including wildlife):**

This product contains Peroxyacetic Acid (PAA). PAA is toxic to aquatic life at very low concentrations. Avoid spraying PAA directly into streams, rivers, lakes, ponds, or directly on aquatic plants. Do not use this product in or around any body of water. Keep out of reach of children.

**HAZARDS TO AGRICULTURAL AND NON-AGRICULTURAL ORGANISMS:**

This product contains Peroxyacetic Acid (PAA). PAA is toxic to aquatic life at very low concentrations. Avoid spraying PAA directly into streams, rivers, lakes, ponds, or directly on aquatic plants. Do not use this product in or around any body of water. Keep out of reach of children.

**INERT INGREDIENTS:**

This product contains the following inert ingredients: sodium hydroxide, water, triethanolamine, sodium borate, and citric acid.

**ACTIVE INGREDIENT:**

(PEROXYACETIC ACID)

**WARNING:**

This product contains Peroxyacetic Acid (PAA). Do not use in or around any body of water. Keep out of reach of children.

**USE:**

This product can be used as a disinfectant, deodorizer, and cleaner for a variety of surfaces. It is specifically designed for use in the food industry, including food processing, warewashing, and sanitation. It is also effective for use in healthcare facilities, hospitals, schools, industrial facilities, office buildings, veterinary clinics, and other similar environments.

**STORAGE AND DISPOSAL:**

Store this product in the original container in a cool, dry, well-ventilated area. Keep out of the reach of children. Do not incinerate empty containers. Do not mix this product with other materials unless specified. Do not contaminate streams, rivers, lakes, ponds, or wells with the product or the runoff water from areas where this product has been used.

**INFORMATION FOR MEDICAL PERSONNEL:**

This product contains Peroxyacetic Acid (PAA). PAA is toxic to aquatic life at very low concentrations. Avoid spraying PAA directly into streams, rivers, lakes, ponds, or directly on aquatic plants. Do not use this product in or around any body of water. Keep out of reach of children.
