

Denaturant Blue – FD&C Dye

Product #89

Applications	This product is a food grade dye used to mark and denature meat and/or poultry that has been deemed adulterated in food processing plants. Such marking is required to prevent the meat and/or poultry from being used for human consumption.	
Use Recommendations	For industrial use only. Prepare dye for use by diluting up to 15:1. This blue denaturant must be deposited in all portions of the carcass or product to the extent necessary to prevent its use as human food.
