LOT #: Net contents: 5.04 gal (42 lbs)

31-JJ100

D.O.T. and Hazard Information: Non-regulated Material, Liquid  
Contains no hazardous ingredients.

### Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**To Sanitize Hard, Non-porous Food Contact Surfaces:** Spray until thoroughly wet. Let stand and remain visibly wet for 60 seconds before wiping. For visibly soiled areas, a precleaning is required. Drain any excess solution. Do not rinse.

- An institutional or household sanitizer for previously cleaned, non-porous food contact surfaced in dairies or wineries or breweries or food and beverage plants or poultry egg facilities or kitchens or bathrooms
- This product can be used in Federally inspected Meat or Poultry facilities as a sanitizer
- An effective hard, non-porous food contact surface sanitizer for use in the kitchen or restaurants
- Kills bacteria and sanitizes without bleaching
- Kills 99.999% of bacteria
- This product is a sanitizer for hard, nonporous, food contact area surfaces according to the method for Sanitizers – Food contact Sanitizer Test for Previously Cleaned Food-Contact Surfaces, against: *Staphylococcus aureus* bacteria (Staph), *Escherichia coli* bacteria (E. coli), *Salmonella enterica* bacteria, or *Listeria monocytogenes* bacteria.

**Fruit and Vegetable Uses:** To remove bacterial decay and spoilage causing organisms, spray or dip raw or fresh fruits, vegetables, herbs, sprouts, or spices. Apply this product for 60 seconds. A post application rinse is preferred but is optional.

**To Clean/Remove Soap Scum:** Spray product onto soils and wipe clean with a dry paper towel or lint-free cloth or sponge. No scrubbing or rinsing is necessary. Repeat for visibly soiled areas. For stubborn stains or visibly soiled areas or tougher jobs, allow product to penetrate dirt and/or soap scum before wiping. For best results, use regularly to prevent soap scum build up.

**To Clean Nonporous Surfaces –and/or- Floors:** Spray soiled area, then wipe clean.

- Cleans everyday kitchen messes like dirt, grease and food stains
- Daily kitchen cleaner
- Deodorizes

**To Deodorize Non-Food Contact Surfaces:** Spray until thoroughly wet. Let stand and remain visibly wet for 60 seconds before wiping. For visibly soiled areas, a precleaning is required.

- Kills odor causing bacteria in kitchens or bathroom

**To Disinfect:** Spray until thoroughly wet. Let stand and remain visibly wet for 10 minutes then wipe. For visibly soiled areas, a precleaning is required.

- Kills 99.9% of *Salmonella enterica* bacteria, *Staphylococcus aureus* bacteria (Staph), *Pseudomonas aeruginosa* bacteria, *Human Rhinovirus 42* (The Common Cold), or *Influenza A virus* commonly found in or on Households, Institutions, Restaurants, or Supermarkets
