Peraspray has the killing power of the peracetic acid in a ready to use formula. It can be utilized in a wide variety of applications - tri-clamp fittings, gaskets, brewery utensils. Ideal replacement for iodine or rubbing alcohol as a sanitizer for miscellaneous sanitizing of parts. It is the perfect sanitizer for home brewers that want the killing power of PAA without the worry of mixing a concentrated product.

Properties

- Concentration of 170 PPM Peracetic Acid (PAA)
- Shelf life greater than one year
