Avoid chlorine and strong reducing agents when using or storing this product. This product is incompatible with aldehydes, alcohols, thiols, and ammonia-containing products by reducing the effectiveness of this product.

GENERAL CLAIMS

- Deodorizes
- Dye free
- Easy to use
- Great for everyday use
- Leaves your home smelling fresh
- Prevents odors
- Recyclable container
- Tough cleaning with bleach-free scent
- Vinegar scent
- Works on a wide range of surfaces

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Clean/Remove Soap Scum: Spray product onto soils and wipe clean. No scrubbing or rinsing is necessary. Use a dry paper towel or lint-free cloth. Repeat for visibly soiled areas. For stubborn stains or visibly soiled areas or tougher jobs, allow product to penetrate dirt and soap scum before wiping. For best results, use regularly to prevent soap scum build up.

To Clean Nonporous Surfaces and Floors: Spray soiled area, then wipe clean.

- Cleans everyday kitchen messes like dirt, grease and food stains
- Fast action cleaner
- Removes pet stains
- Special kitchen cleaning formula

To Sanitize Hard, Non-porous Food Contact Surfaces such as kitchen surfaces, tables, and countertops: Spray this product 6-8 inches from surface until visibly wet. Let stand and remain visibly wet for 60 seconds. For visibly soiled areas, a precleaning is required. Drain any excess solution. A post application wipe or rinse is optional.

- Kills 99.999% of: *Staphylococcus aureus* bacteria (Staph) ATCC 6538, *Escherichia coli* bacteria (E. coli) ATCC 11229, *Salmonella enterica* bacteria ATCC 10708, and *Listeria monocytogenes* bacteria ATCC 984
- An effective hard, non-porous food contact surface sanitizer for use in the kitchen, restaurants, meat and poultry facilities and fruit processing facilities

Sanitizing Non-Porous Waterproof Gloves: This product may be used as a sanitizer for use on non-porous and waterproof gloves. Preclean gloves prior to sanitizing. To sanitize, apply by spray, or total immersion to ensure exposure to sanitizer for at least 60 seconds. Allow surfaces to air dry. A post application rinse is optional.

To Deodorize and To Sanitize Non-Food Contact Surfaces such as bathroom surfaces and exercising machines: Pre-clean surfaces prior to treatment. Spray 6-8 inches from surface and wet surfaces completely. Let stand and remain visibly wet for 60 seconds. Wiping or rinsing is optional.

- Kills 99.9% of *Staphylococcus aureus* bacteria (Staph) ATCC 6538, and *Klebsiella pneumoniae* bacteria ATCC 4352
- An effective non-food contact surface cleaner for use in the kitchen, bathroom, and bedroom

Footwear Sanitizer: This product may be used as a sanitizer for use on outside surfaces of non-porous waterproof footwear such as boots, and work boots. Preclean footwear prior to sanitizing. This product may be used to preclean. To sanitize, apply by spray, or immersion in a shoe trough to ensure exposure to sanitizer for at least 60 seconds. Allow surface to air dry.

To Deodorize and To Sanitize Soft Surfaces such as cotton, polyester fabrics and textiles: Pre-clean surfaces prior to treatment. Spray this product 6-8 inches from soft surface until wet. Do not saturate. Let stand for 60 seconds. Allow to air dry.

- Kills 99.9% of *Staphylococcus aureus* bacteria (Staph) ATCC 6538, *Klebsiella aerogenes* bacteria ATCC 13048
- Removes odors by killing odor causing bacteria on soft surfaces in 60 seconds

To Disinfect: Pre-clean surfaces prior to treatment. Spray this product 6-8 inches from surface until visibly wet. Let stand and remain visibly wet for 10 minutes. Wiping or rinsing is optional.

- Kills 99.9% of bacteria in 10 minutes: *Salmonella enterica* ATCC 10708, *Staphylococcus aureus* (Staph) ATCC 6538, and *Pseudomonas aeruginosa* ATCC 15442
- Kills 99.9% of viruses* in 10 minutes: Human Rhinovirus 42 (The Common Cold) ATCC VR338, Influenza A virus (H1N1) A/swine/Iowa/15/30, Human Coronavirus ATCC VR-740, Human Rotavirus ATCC VR-2018, and Feline Calicivirus ATCC VR-782
- Kills 99.9% of SARS-CoV-2 in 2 minutes
- Cleaner and disinfectant in one when used according to disinfection directions for use

Fruit and Vegetable Uses: This product is Ready-to-Use (RTU). To remove non-pathogenic bacterial and spoilage-causing organisms, spray directly on raw or fresh fruits, vegetables, herbs, sprouts or spices and associated food contact surfaces. Allow contact for 60 seconds or more. Surfaces that contact the fruit or vegetables should be sanitized with this product prior to contact with fruit or vegetables, such as non-wood chopping blocks, countertops, or sinks. For non-public use only. A post application rinse is optional.

STORAGE AND DISPOSAL

Store out of reach of children or persons unfamiliar with its use. Store this product in a cool dry area, away from direct sunlight to avoid deterioration. Do not reuse or refill except as described in the directions for use. Offer for recycling if available or place in trash. Spilled product may be absorbed with sponge or mop and then rinsed with water.
