

DRAIN EX

DEODORIZING DRAIN TREATMENT

ARE YOU DRAINING AWAY YOUR PROFITS?

Increase your replacement interval 3-4x compared to quat rings.

Extended release technology allows for longer time between service intervals.

Specially formulated to deodorize condensate water, standing water, and drains in food plants or other facilities.

Biodegradable and safe for water treatment lagoons. Active ingredient degrades quickly, unlike more persistent quat based treatments.

Safe handling for operators - tablets are individually bagged in water soluble packages.

Tubs (5.5 lb/25 tabs)

Cases (2 or 4 tubs)

Pails (40 lbs/182 tabs)
