

## TWO-PART DRAIN CLEANING PROGRAM

Drain cleaning without scrubbing

Introducing Enviro Tech's Drain Cleaning Program. Drains are the perfect environment for microorganisms to grow and biofilms to develop. **Pera-Drain Foam®** is a quat-free solution to remove biofilm and sanitize drains, floors and walls. This product can be used in doorway foaming systems to prevent cross-contamination of microorganisms. Utilizing the power of peracetic acid and Perafoam, **Pera-Drain Foam®** has the ability to attack and eliminate biofilms and destroy microorganisms.\*

**TWO  
PART**  
FOAM  
CLEANING &  
SANITIZING  
PROGRAM

**PERASAN A**

1-6<sup>oz</sup>  
Per 6 gallons  
of water

**PERA FOAM**

1-2<sup>oz</sup>  
Per gallon  
of water

**Material compatibility**

	METALS	PLASTIC /ELASTOMERS
<b>Compatible</b>	316 Stainless Steel 304 Stainless Steel Aluminum	Polyethylene HDPE LDPE XLPE GFPP
<b>Semi-compatible</b>	Carbon Steel	PTFE (Teflon) PVDF EPDM Silicone Santo/Norprene Kalrez Buna-N Viton
<b>Not compatible</b>	Copper Cast Iron Galvanized Brass	Polycarbonate

*Will not damage concrete at diluted rates*

1/2 the cost  
of similar drain  
cleaners

No  
scrubbing  
required

Quat-free,  
two-part  
chemistry

Approved for food  
contact sanitizing,  
no rinse required

Certified

**Need equipment?**

Portable foamers are recommended, we can provide you with the right equipment for every job.

**WHY FOAM?**

Pathogens and biofilm can accumulate in drains, especially on areas of drain walls above the normal fluid level. Foam provides 360° contact along the pipe walls for maximum sanitation.
