

SUPER-DUTY FOAM ADDITIVE FOR PERACETIC ACID PRODUCTS

- FDA APPROVED
- GRAS INGREDIENTS

- HARD WATER TOLERANT
- COLD TOLERANT

- KOSHER (PAREVE)
- NO RINSE REQUIRED

Perafoam™ is a high-foaming concentrate that boosts the power of other Enviro Tech peracetic acid formulations for federally inspected meat, poultry, and seafood plants. This long-lasting foam and surfactant formula allows for longer contact on equipment and vertical surfaces and remains stable in the presence of oxidizers, resulting in superior sanitation and greater effectiveness when used with other PAA products. No rinse is required when used at recommended dose rates.

Complete Labels, SDS, and Tech Data, in addition to OMRI, FCN, and NSF statements can be found at www.envirotech.com
